Dear President and Dr. Bruess,

Our class would like to thank you for your generous donation of \$500 to the Friends of the Community Gardens (FCG) Fund, and for your leadership of the St. Norbert leg of FCG's #GivingTuesday initiative. Your donation not only ensures the continued growth of community gardening in our area, but also provided our fundraiser with the fuel it needed to thrive. We were able to use your donation to incentivize SNC faculty and staff, community members, and even students to contribute!

With your donation, you are not only acknowledging our community-engaged work, but also validating its educational importance. By helping FCG plan their #GivingTuesday drive and creating resources for them to use for future fundraising, we have learned an incredible amount regarding the professional writing process. Thank you for supporting us in our effort to grow better together in partnership with the larger community.

As students of St. Norbert College, we all take to heart the meaning of *communio*. This class has given us the opportunity to extend that meaning and practice beyond the boundaries of campus. We are heartened and excited that you are leading the charge to spread *communio* even further into the greater Green Bay area.

Thank you again, and have a wonderful upcoming Christmas season.

Sincerely,

The Students of ENGL 306
