

Dear President and Dr. Bruess,

The members of English 306 would like to extend our thanks to you for your generous gift to the Friends of the Community Garden (FCG). Your donation will allow for the continuation of Brown County Community Gardens (BCCG), thus enabling all residents to grow their own food. You are particularly aiding low-income individuals to maintain food stability for years to come.

Your donation not only ensured continued growth of BCCG, but also provided our fundraiser with the fuel it needed. We were able to use your donation to incentivise other staff members, community members, and even students to donate!

Thank you for helping us “Grow Better Together!”

Sincerely,

The Students of ENGL 306
