Hi Hanna:

This is a really great letter, and I know Beth will be touched by its clear sincerity. I made a couple word-changes for elegance and clarity, but by and large this was probably the LEAST amount of editing I needed to do this semester.

I've attached it here for your files.

I'm going to suggest that you send her an email, attaching that letter. Take a look for any typos first.

I *could* print it out and give it to her, but I think it will be more meaningful when sent directly from a student.

Great work this semester. Seriously.
