Dear Ms. Franchino:

On behalf of ENGL 306 (Professional Writing) at St. Norbert College, thank you for coming to speak to us last week. The class benefitted significantly from a clear presentation of your program and its objectives for the community. We are impressed with Brown County Community Gardens, and believe that it provides our local community with an important service.

In particular, your presentation gave us greater clarity about the program we are supporting. We all benefitted significantly from learning about your program's mission and efforts. As a result, we feel much more equipped to contribute to a fundraising effort for your program.

More importantly, we admire your passion for this program and the people that it works to support. Your presentation lent additional meaning to the work that we are doing in class, and helped us to see beyond the academic side of this project. Your program does our community a great service, and we are proud to support it. We look forward to collaborating with you throughout this fundraising drive.

Thank you again for sharing your time and knowledge,

The ENGL 306 Fundraising Team
